

**Curling NB Site Selection Policy for
Provincial Championships**

The site selection process will be done, wherever possible, on a two-year cycle. This means that curling clubs are open to request events for next season and the following season.

Below, you will find the criteria list and events included in our site selection process. When submitting your request, please indicate which season and state how your curling club intends to meet these qualifications.

Applications can be made via email to nbca@nb.sympatico.ca.

The deadline for applications is on or about the second week in February. (Invitation to submit hosting requests will be forwarded to clubs by the Curling NB Executive Director and will carry a specific deadline date.) The successful curling clubs will be announced at the Curling NB Annual General Meeting. (First Sunday in May)

If you require further information on this matter, please contact the Curling NB office.

SITE SELECTION CRITERIA FOR PROVINCIAL PLAYDOWNS

- Requests received by curling communities offering to host the event on arena ice will take precedence.
- Availability of the curling club on dates determined by Curling NB.
- Availability of extra ice at neighboring curling clubs if required.
- *Condition of rocks and ice (with input from both the Players' Committee and the Provincial Ice Tech);
- Past performance in hosting by the curling club
- Sponsor requirements
- Upcoming hosting of national events that require training of volunteers for officiating, etc. if applicable
- Curling NB expenses (ice tech requirements, officials and Curling NB liaison expenses, hosting grant);
- **"3 sixty live" compatibility (see Curling NB Hosting Directives for details)

***Rocks must be in a suitable playing condition for all Provincial Final Events as determined by the Provincial Ice Technician**

****"3 sixty live" compatibility is only necessary for the Junior U21, Scotties and Tankard Championship events.**
