1. Directors agree to abide by this NBCA Board Code of Conduct
2. Directors shall act in the interests of the Affiliated Curling Clubs and Club Members as the owners. This accountability supersedes any conflicting loyalty to advocacy or interest groups and membership on other Boards or staffs. It also supersedes the personal interest of any Director acting as a Coach, a user of NBCA's services or as a paid supplier of services to the NBCA.
3. Directors shall disclose their involvement with other organizations, vendors, or any other associations that might produce a conflict at each Board meeting and at any time during the year when their involvement changes. A conflict is defined as a competing interest, influence or relationship which might impair or appear to impair a Director's ability to perform his other duties and responsibilities objectively for the best interests of the NBCA. (See NBCA Board Conflict of Interest for more information)

4. Directors shall, at all times, act with decorum and shall be respectful of other Directors, staff, volunteers, stakeholders and the Boards and staff of Affiliated Curling Clubs. At any event where a Director is the Board's NBCA appointed representative or while attending any NBCA championship or event, or national event, he/she shall avoid the consumption of alcohol or any other debilitating substance to a level which would reasonably be expected to impair the Director's ability to perform his/her duties competently, cause impairment in the Director's ability to speak, walk or drive or cause him/her to perform in a disruptive manner.
5. Directors shall respect the confidentiality of Board discussion and Board materials. They shall not disclose at anytime confidential information obtained through their position with the NBCA to any persons not entitled or required to know.

 - c) Directors accept the responsibility to create an environment where concerns can be expressed without fear of criticism.
 - d) Directors shall take part in Board organized educational activities which will assist them in carrying out their responsibilities.

11. Directors accept that the decision-making process may involve conflict, believing that it is only when all points of view are revealed that the best decision can be made. The Board shall assume that after a fair opportunity for expression of views, Directors agree to support the majority decision of the group.

12. Directors shall submit to the NBCA office within 30 days, claims for expenses incurred in the execution of their assigned duties. Should there be any question as to the validity of the Director's expense claim; the claim shall be verified by the ED and/or Chair of the Finance Committee.

NBCA E-mail Protocol and Board Voting via E-mail Policy

Approved: January, 2015

I - PURPOSE

There exists a need to treat electronic mail ("Email") much like hard copy mail to assure the recipient required to take action is clearly defined as well as whether copies are for input or information only to avoid duplication of effort. Also that protocol is used to assure security of information transmitted and to minimize the release of recipient Email addresses to potential spammers and viruses.

II – POLICY

It is the policy of the New Brunswick Curling Association (NBCA) that Email correspondence follow a protocol that assures distribution in a controlled manner, which maximizes the security and confidential aspects of the transmitted information to the intended parties. A broad-based mail-out use of Email should also respect the requirements of the NBCA Privacy Policy and assist in minimizing disclosure of recipients' addresses to potential abusers.

III – PROCEDURE

Board Email correspondence must be directed to a specific executive member, director, or the executive director of whom an action is being solicited. Copies are to be kept to a minimum by identified CC to only those with a "Need to Know".

If there is confidential information in the Email that should not be inadvertently forwarded to others, it should be clearly identified "CONFIDENTIAL" in the subject title.

If copying correspondence to parties outside the Board, a "BCC" (Blind carbon copy) may be used to avoid releasing Email addresses. In this instance, as a courtesy, the names of those copied should be listed in the body of the Email. Unlike addresses in the "To:" or "CC:" field, addresses in the "BCC:" field cannot be seen by other users such as spammers. Also, many Email-borne viruses harvest Email addresses contained in those long lists in forwarded messages and pose a risk to all the accounts to which they point.

Agenda, pre-meeting packages, and minutes of Board meetings may only be distributed by the Executive Director to the complete identified recipient group. This may be accomplished by using displayed TO, CC or List Server protocols.

When an Email is to be sent to a committee, the circulated list of recipients should be disclosed. If there is any concern that the circulation may be beyond the disclosed group, it is advisable to "BCC" the distribution to minimize the mis-use of the Email addresses.

Newsletters or mass mail outs can be distributed efficiently using List Servers. These lists should be restricted to a certain degree in terms of what information goes to whom and how it is delivered. These lists are to be under the control of the executive director.

Email servers may be set up to reject an incoming message that is being sent to a large number of recipients (typically 35 to 50) as potential SPAM thereby deleting it automatically. To avoid this, send to smaller subgroups.

IV - BOARD VOTING via E-MAIL

Email may be used for Board voting purposes when the following conditions are met:

- In all cases, the email must clearly identify the sender beyond all reasonable doubt and be distributed to all Board members
- the topic is explicitly explained.
- the board is given opportunity to ask questions with a limit of 2 emails maximum per Board Member. If more discussion is necessary then the topic shall be deferred to the next board meeting or a special board meeting may be called.
- A Board member may make a motion to the topic and shall have it dually seconded.
- If there is more discussion on the motion, then it is recommended to defer to the next Board meeting or a special meeting.
- The Board shall then vote on the motion. The Board members will cast their vote by "REPLYING TO ALL" recipients in the email and indicate if they Approve or Reject the motion.
- If there are conditional approvals, then it is recommended to defer to the next Board meeting or a special meeting.
- The Executive Director shall send a confirmation email identifying the final vote as well as indicating if the motion was carried or dismissed.
